

SUMMER SCHOOL OF POLISH LANGUAGE AND CULTURE ADAM MICKIEWICZ UNIVERSITY IN POZNAŃ

1-19 AUGUST 2022

We are very pleased that we can welcome you to our 2022 AMU Summer School! We have created such a program so as to make you more familiar with Poland: the country of Maria Skłodowska-Curie, Olga Tokarczuk, Nicolaus Copernicus and Robert Lewandowski. The country of pierogi and żurek (Polish sour rye soup), milk bars and Łowicz cutouts. What connected all of us, coming from many countries all over the world, was the love for Poland and its language.

There are so many interesting things ahead of us!

You will have a chance to participate in lectures both in Polish and in English: about Polish culture, history, literature, and film. In the offer, we also have intercultural, theater, and journalistic workshops. And the cultural program, of course!
